My World and Me

Love learning and inspire each other to thrive in the world.

Early Years Foundation Stage

Development matters statements - Reception

- •Revise and refine the fundamental movement skills they have already acquired: rolling /crawling /walking /jumping /running /hopping /skipping/ climbing
- Progress towards a more fluent style of moving, with developing control and grace.
- •Develop the overall body strength, co-ordination, balance and agility needed to engage successfully with future physical education sessions and other physical disciplines including dance, gymnastics, sport and swimming.
- •Combine different movements with ease and fluency.
- •Confidently and safely use a range of large and small apparatus indoors and outside, alone and in a group.
- •Develop overall body-strength, balance, co-ordination and agility.
- Further develop and refine a range of ball skills including: throwing, catching, kicking, passing, batting, and aiming.
- Develop confidence, competence, precision and accuracy when engaging in activities that involve a ball.
- •Know and talk about the different factors that support their overall health and wellbeing: -regular physical activity, healthy eating, toothbrushing, sensible amounts of 'screen time', having a good sleep routine, being a safe pedestrian

ELG Gross Motor Skills

Children at the expected level of development will:

- Negotiate space and obstacles safely, with consideration for themselves and others;
- Demonstrate strength, balance and coordination when playing;
- Move energetically, such as running, jumping, dancing, hopping, skipping and climbing.

						THE RESIDENCE OF THE PARTY OF T
		Year 1			Year 2	
Aim of Games In all games activities, children think about how to use skills, strategies and tactics to outwit the opposition.	throwing and catching. They play games based on net games and striking and fielding games. They have an opportunity to play one against one, one against two, and one against three.			games that demand sin to avoid opponents, kee to practice and refine th	nd apply their basic FMS nple choices and decision per the ball and score pointer FMS and techniques, evelop an early understan	ns on how to use space nts. They will continue using them to outwit
Performance of skills - Progression	 Perform fundamental movement skills at a developing level in: Travelling skills. Sending skills. Receiving skills. 				Il movement skills at a de e basic movements in:	veloping level and
Developing Physical Skills – Lancashire Scheme	► Side gallop► Underarm throw► Running	Rolling a ball Bounce a ball Catch ball Running	Overarm throw Running	 ► Underarm throw ► Catching ► Running ► Dodging 	 ► Throw ► Catch ► Strike a ball ► Side gallop ► Running 	 Strike a ball off a tee Strike with a drop feed Catch Overarm throw
Application of skills – Lancashire Scheme (Core Task)	The 'Ten point hoops' core task involves children scoring points by throwing beanbags to a choice of two targets. Working in pairs, the children set up an area for their game. The pupils stand on either side of the line, one as an attacker and the other as a defender. Knowledge – To use a simple tactic i.e. Pretend to throw one way then throw the other	The aim of the game is to score points by slidinga beanbag or rolling aball over your opponent's line. Alternatively you can throw a ball over the line for the opposition to catch. The game is played one against one, or two against two. Knowledge – To use a simple tactic i.e. Look one way and roll the ball the other	The aim of the game is for the thrower (the batter) to score as many points as possible by throwing beanbags into a channel and then counting how manytimes they can move in and out of a hoop beforefielders retrieve thebeanbags. Knowledge – To use a simple tactic i.e. Throw away from the cones (fielders)	The 'Piggy in the middle' core task involves children trying to scoreas many points as possible by throwingand catching a ballbetween players on their team. The pupils work in groups of four, with three attackers and one defender. Knowledge - To use a simple tactic i.e. move into space to receive a ball. To pass a ball to a player in space.	The aim is to score points by throwing or hitting a ball over a line/net so that it bounces twice, with the first bounce in the court area. Play the game two against two – each pair should have one player with a racket and one without. Knowledge – To throw the ball into space away from the opponent	The aim is for the batter to hit a ball into a field, and then to run as far as possible around a circuit of bases before the fielding team returns the ball to the fielding base Knowledge — To use a simple tactic i.e. Strike the ball away from cones/fielders

	Year 3	Year 4	Year 5	Year 6
Aim of Invasion Games In all games activities, children think about how to use skills, strategies and tactics to outwit the opposition.	This unit lays the foundations for future invasion games. Children will learn to apply their understanding and skills from Key Stage 1. Children will improve their accuracy in throwing and catching, and will learn new invasion game sport specific techniques.	Children continue to learn simple attacking tactics using a range of equipment and sport specific skills. They playing small, uneven-sided games and think about how to use skills, strategies and tactics to outwit the opposition. In invasion games, they enter their opponent's territory with the 'ball' and try to get into good positions for shooting or reaching the 'goal'.	Children will learn how to work well as a team when attacking, and explore a range of ways to defend. The play uneven-sided games leading to 5V4 or 4V3. Children will also learn a wider range of sport specific techniques for passing, dribbling and shooting, and will learn to apply basic principles for attacking and defending.	Children will improve their defending and attacking play. They start to play evensided mini-versions of invasion games. In all games activities, children think about how to use skills, strategies and tactics to outwit the opposition. In invasion games, they enter their opponent's territory with the 'ball' and try to get into good positions for shooting or reaching the 'goal'.
Performance of skills - Progression	 Master most fundamental skills from KS1 and start to develop sport specific skills and perform them with some accuracy. 	Master fundamental movement skills and start to develop sport specific skills performing them with consistency and accuracy.	 Continue to develop sport specific skills and perform with consistency, accuracy, confidence and control. 	 Continue to develop sport specific skills and perform them with consistency, accuracy, confidence, control and speed.
Developing Physical Skills – Lancashire Scheme	Invasion Games skills through: Three touch ball (netball) – running, dodging, Chest pass, Bounce pass, Catching a ball Three touch ball (rugby) – running, dodging, swing pass, Catching a ball Three touch ball (handball) – running, dodging, one-handed pass, One handed Bounce pass, Catching a ball	Invasion Games skills through: On the Attack (basketball) – running, chest pass, bounce pass, dribbling a ball. On the attack (rugby) – running, dodging, swing pass, Catching a ball On the attack (handball) – running, dodging, one-handed pass, One handed Bounce pass, Catching a ball, shooting a ball.	Invasion Games skills through Year 5 core task (netball): - running, dodging, chest pass, bounce pass, catching, shoulder pass, shooting, Year 5 core task (rugby): running, dodging, swing pass, Catching a ball, kicking a ball Year 5 core task (hockey): - running, push pass, dribbling, receiving a pass, shooting.	 Invasion Games skills through: Calling the shots' (netball): - running, dodging, chest pass, bounce pass, catching, shoulder pass, shooting, Calling the shots' (rugby): running, dodging, swing pass, Catching a ball, kicking a ball Calling the shots' (hockey): - running, push pass, dribbling, receiving a pass, shooting.
Application of skills – Lancashire Scheme (Core Task)	Develop simple attacking skills in a 3V1 invasion game. The 'Three touch ball' core task involves children trying to score as many goals as possible by passing a ball (netball, handball, rugby ball) at least three times before throwing it into a hoop Knowledge - To know to move into space to receive a ball. To pass a ball to a player in space when playing an invasion games.	Develop attacking skills in a 4V2 invasion game. The "On the attack" core task involves children Working in groups of six, the children create a playing area with two goals at one end and three at the other and play 4V2. Knowledge - To know to move into space to receive a ball. To feint or disguise a pass a ball to outwit a defender.	Collaborate as a team and develop defending skills through modified versions of 5V3 or 5V4 invasion games. The year 5 core task games aim is to beat the opposition by scoring more goals. Play the game initially 5V3 and then 5V4. Knowledge – Attacking tactics – to use a range of passes. To pass ahead of supporting players. To get away from a defender to receive a pass. Defending Tactic – to close down space	Apply attacking and defending skills through modified versions of 4V4 or 5V5 invasion games. The 'Calling the shots' core task involves children setting up a 4 v 4 invasion game based on mini-versions of invasion games. Knowledge - Attacking tactics – to use a range of passes. To get away from a defender to receive a pass. To send the ball wide and/or deep to supporting players Defending Tactic – to close down space. To intercepting a pass.

	Year 1	Year 2		
Aim of Educational Dance	Children will explore basic body actions, eg jumping and turning, and use different parts of their body to make movements. They create and repeat short dances inspired by different stimulus and themes. In dance as a whole, children think about how to use movement to explore and communicate ideas and issues, and their own feelings and thoughts.	Children will focus on creating and performing short dances that communicate different moods, feelings and ideas. A range of subjects, including some based on different times and cultures can be used. Children will learn how to use different parts of the body to imitate and lead movements. They will also create short dances individually and also create and perform with a partner.		
Performance of skills - Progression	Perform fundamental movement skills at a developing level. Perform basic body actions with control and show some sense of dynamic, expressive and rhythmic qualities in their own dance.	 Perform fundamental movement skills at a developing level and start to master some basic movements Perform body actions with control and coordination and perform short dances, showing an understanding of expressive qualities. 		
Developing Physical Skills – Lancashire Scheme	Body Actions ➤ Copy and explore basic body actions from a range of stimuli (words, poetry, pictures, sounds, objects) Travel, Turn, Jump, Gesture, Stillness ➤ Copy simple movement patterns ➤ Show and tell using body actions to explore moods, ideas and feelings. ➤ Vary speed, strength, energy and tension of their movements.	Body Actions ➤ Copy and explore basic body actions from a range of stimuli (words, poetry, pictures, sounds, objects) Travel, Turn, Jump, Gesture, Stillness ➤ Copy simple movement patterns ➤ Show and tell using body actions to explore moods, ideas and feelings. ➤ Vary speed, strength, energy and tension of their movements.		
Application of skills – Lancashire Scheme (Core Task)	Choose movements to make their own simple dance phrase with beginning, middle and ending. • Practice and repeat these short dance phrases so they can be performed in a controlled way. • Choose and link actions that express a mood, idea or feeling Lancashire units – Three little pigs, Toy Story, Fire-Fire and Robots	Choose movements to make their own simple dance phrase with beginning, middle and ending. Practice and repeat these movements so they can be performed in a controlled way. Choose and link actions that express a mood, idea or feeling Remember and repeat movements showing greater control coordination and spatial awareness. Lancashire units – Moving Along, Seaside, Once Upon a Giant, Explorers and Wind in the Willows		
Character Education				

	Year 3	Year 4	Year 5	Year 6
Aim of Educational Dance activities	Children perform dances, focusing on creating, adapting and linking a range of dance actions. These are inspired by a variety of subjects,	Children focus on creating characters and narrative through movement and gesture. They gain inspiration from a range of subjects,	Children learn different styles of dance and focus on dancing with other people. They create, perform and watch dances in a range of styles,	Children will focus on using different visual images as the starting point for composing, performing and watching dance. They will extend the range of
In dance as a whole, children think about how to use movement to explore and communicate ideas and issues, and their own feelings and thoughts.	including some traditional, social and/or historical dances. They work with a partner and in small groups, developing their ability to create, perform and appreciate dance.	and work in pairs and small groups. Children concentrate on combining and linking phrases of movement fluently and with control	working with partners and groups. They will be encouraged to become more adventurous when improvising and exploring ideas, developing their knowledge of how props, costume, design and music enrich dance.	movements they use and develop net skills in working with a partner, including taking weight, supporting, leaning, balancing and lifting.
Progression of performance of skills	Perform freely, translating ideas from a stimulus into movement using dynamic, rhythmic and expressive qualities clearly and with control.	➤ Perform dances clearly and fluently and show sensitivity to the dance idea and the accompaniment.	➤ Perform different styles of dance clearly and fluently, adapt and refine the way they use weight, space and rhythm in their dances to express themselves in the style of dance.	Perform dances fluently and with control and can perform to an accompaniment expressively and sensitively.
Developing Performing	To perform dances expressively	y, using a range of performance skills		
Skills	 To perform dances with an awa 	areness of rhythmic, dynamic and exp	ressive qualities, on their own, with a	partner and in small groups.
	 To perform more complex dance 	ce phrases that communicates charac	ter and narrative.	
	 To perform in a whole class pe 	rformance.		
Application of Skills -	 To create movement using a st 	imulus.		
Composing	To explore and improvise ideas	s for dances in different styles, working	g on their own, with a partner and in a	group.
composmy	 To create and link dance phras 	es using a simple dance structure or i	motif.	
	To use simple choreographic p	rinciples to create motifs.		
	To compose dances by using, a	adapting and developing steps, forma	tions and patterning from different da	nce styles.
	 To explore, improvise and com 	bine movement ideas fluently and effe	ectively.	
Appreciation	To talk about how they might in	nprove their dances.		
	 To describe and evaluate some 	e of the compositional features. of dan	nces performed with a partner and in a	a group.
	To understand how a dance is	formed and performed.		
	To evaluate, refine and develor	o their own and others' work.		
Character Education	Resilience	 Encouragement 	Respect	 Resilience
	Co-operation	 Responsibility 	 Co-operation 	Empathy

	Year 1	Year 2
Aim of Gymnastic activities In gymnastics as a whole, children use skills and agilities individually, in combination and in sequence, with the aim of showing as much control and precision as possible.	Children investigate movement, stillness, and how to find and use space safely. They explore basic gymnastic actions on the floor and using apparatus. They copy or create, remember and repeat, short movement phrases of 'like' linked actions, <i>eg two jumps, or two rolls</i> . In gymnastics as a whole, children use skills and agilities individually, in combination and in sequence, with the aim of showing as much control and precision as possible.	Children will focus on increasing their range of basic gymnastic skills. They create simple sequences of 'unlike' actions on the floor, <i>eg a roll, jump and a shape</i> . They then transfer what they learn on the floor to apparatus. In gymnastics as a whole, children use skills and agilities individually, in combination and in sequence, with the aim of showing as much control and precision as possible.
Performance of skills - Progression	 Perform fundamental movement skills at a developing level in: Travelling skills. Perform body actions with some control and coordination 	 Perform fundamental movement skills at a developing level and start to master some basic movements in: Travelling skills Perform body actions with control and coordination
Developing Physical Skills – Lancashire Scheme	 Shape – Wide, thin Travelling - feet - Jog, skip, gallop, hop, walk forwards, backwards. Travelling – hand and feet - Frog, Bunny, Crab, Bear, Caterpillar, Crocodile, Monkey, etc. Balancing - Front support, balance on 4 & 3 points, large body parts, tummy, back, bottom, shoulder. Jumping and Landing – 2 -2 for height Rolling - Rocking on back, pencil, egg rolls, Apparatus 	 Shape – Wide, thin, dish, arch, tuck Travelling - feet - Jog, skip, gallop, hop, walk forwards, backwards. Travelling – hand and feet - Frog, Bunny, Crab, Bear, Caterpillar, Crocodile, Monkey, etc. Balancing - Front support, balance on 4 & 3 points, large body parts, tummy, back, bottom, shoulder. Jumping and Landing Rolling - Rocking on back, pencil, egg rolls, dish roll, teddy / circle roll, forward roll. Apparatus
Application of skills – Lancashire Scheme (Core Task)	The 'Making shapes' core task involves children knowing how to create a gymnastic sequence on floor, mats and apparatus by linking two gymnastic shapes through rolling, travelling or jumping. The children begin by developing a sequence on floor and mats, starting away from a mat, performing an action towards the mat and then an action across the mat. They then transfer their work to apparatus, either performing two actions on apparatus or one on floor and one on apparatus	The 'Families of actions' core task involves children knowing how to create a gymnastic sequence on floor, mats and apparatus of four actions by linking a roll, a balance, a jump and travel. The children develop a sequence on the floor and mats before transferring it to apparatus. They link the four actions together smoothly, choosing one action from each of the families of actions. The balance focus is large body parts – side, back, tummy, hips and shoulders
Character Education		

	Year 3	Year 4	Year 5	Year 6
Aim of Educational Gymnastic Activities In gymnastics as a whole, children use skills and agilities individually, in combination and in sequence, with the aim of showing as much control and precision as possible.	Children will focus on improving the quality of their movement, eg by stretching fingers and pointing toes, to help them produce extension. They will learn how to plan and perform actions and sequences, and develop flow by linking actions smoothly.	Children will learn develop their skills with control and precision and combine these skills to create a sequence for a competition. They will extend their range of actions, balances, body shapes and agilities, working on more difficult combinations. The children will work in pairs using matching and mirroring to plan and perform sequences.	Children will develop a wider range of actions and use their skills and agilities individually, and in sequence with a partner, with the aim of showing as much control and precision as possible. Children will create longer sequences using their knowledge of compositional principles with a partner to perform paired balances for an audience.	Children use their knowledge of compositional principles, eg how to use variations in speed, level and direction, how to combine and link actions, how to relate to partners and apparatus, to develop sequences that show an awareness of their audience. Children will plan and perform a sequence with a partner. They will choose their own apparatus and design a simple layout.
Progression of performance of skills	Master most fundamental skills from KS1 and start to develop sport specific skills and perform them with some accuracy and extension.	Master fundamental movement skills and start to develop sport specific skills performing them with consistency, accuracy and some control.	► Continue to develop sport specific skills and perform with consistency, accuracy, confidence and control.	➤ Continue to develop sport specific skills and perform them with consistency, accuracy, confidence, control and speed.
Developing Skills – Lancashire Scheme	 ▶ Travel – i.e Feet & hands and feet ▶ Balance – i.e. small body parts ▶ Jump – i.e 2 foot jump and land ▶ Rolling – basic rolls ▶ Apparatus 	 ▶ Travel – i.e Feet & hands and feet ▶ Balance – i.e. large body parts, dish and arch, one foot balance ▶ Jump – different shapes when jumping. Jump ¼ & ½ turn ▶ Rolling – basic rolls ▶ Apparatus 	 Travel – i.e.Feet & hands and feet Balance – i.e. partner balance (counter balance) Jump – different ways of jumping and landing with shape Rolling – basic rolls Apparatus 	 Travel – i.e. Feet & hands and feet Balance – i.e. partner and group balance (counter balance) Jump – different ways of jumping and landing with shape Rolling – basic rolls Apparatus
Application of skills – Lancashire Scheme (Core Task)	The 'Balancing act' core task involves children creating a gymnastic sequence with six actions on floor, mats and apparatus. The children develop a sequence on the floor and mats, before transferring it to apparatus. The sequence should focus on small body part balances linked through travelling, rolling and jumping, and must show different levels and a change in direction.	Create a sequence of six skills, which must include one roll, one jump and one balance. The 'Partner work' core task involves children creating a gymnastic sequence on floor, mats and apparatus focusing on how they work with a partner.	The 'Acrobatic gymnastics' core task involves children creating and performing a pair sequence on floor, mats and apparatus that includes three basic acrobatic balances (a part-weight bearing balance, counter-tension and a counter-balance) and up to six other actions.	The 'Group dynamics' core task involves children working in groups of four to six to create and perform a sequence that shows their knowledge of gymnastic actions and compositional principles. The children develop their sequence on floor and mats before adapting it to incorporate apparatus.

Developing Physical Skills – Lancashire Scheme	 Running Hopping Rolling a ball Underhand throw Jumping 	 Running Underarm throw Overarm throw Push throw Jumping for distance 		
Application of skills – Lancashire Scheme (Core Task)	The 'Honey pot' core task involves children running in different directions to pick up objects as quickly as they can. The children workin pairs. Each pair has a hoop (their honey pot) with five objects in it. Other objects are spread out around the playing area, along with cones to act as obstacles. Each pair decides who is going to be the Bee and who is going to be the Queen. The Bee's job is to run around collecting one object at a time for their honey pot. These can be picked up fromthe playing area and from other people's hoops. The Queen sits in the honey pot and makes sure that other children only take one object. The Bees have two minutes to get as many objects as possible into their honey pot, after which they count how many objects they have collected and record the number on their score sheets. They then leave five objects in their honey pot, scatter the rest around the playing area, swap roles and carry out the task again.	The 'Colour match' core task involves children throwing different pieces of equipment as accurately as possible in order to hit targets. The children work in groups of three and take it in turns to be the thrower, scorer and collector. Each group has three different-coloured targets (eg hoops, skipping ropes or markers) set at different distances and selects 10 pieces of equipment (eg quoits, balls of different sizes, beanbags) in colours to match the targets. The thrower tries to throw each object to the target of the same colour (eg red beanbag to red hoop). The scorer counts how many times the thrower succeeds in hitting the target. The collector gathers up the equipment ready for the next person to have a go. Each child has two turns at being the thrower

	Year 3 / Year 4	Year 5 / Year 6		
Aim of Athletic Activities	Children should concentrate on developing good basic running, jumping and throwing techniques. They will be set challenges for distance and time that involve using different styles and combinations of running, jumping and throwing. Children will develop their technical understanding across all	Children will focus on developing their technical understanding of athletic activity. They learn how to set targets and improve their performance in a range of running, jumping and throwing activities. In running events, they will run further in both sprints and distance runs. In		
As in all athletic activities, children think about how to achieve the greatest possible speed, height, distance or accuracy.	areas of athletics. They will also be encouraged to take more responsibility for designing, organising and judging athletic events.	throwing events, they may throw heavier, larger implements (although modified equipment will still be used with most of the children). In jumping events, they will explore how their run-up affects jumping for height and length.		
Progression of performance of skills	Master fundamental movement skills and start to develop athletic specific skills performing them with consistency and accuracy.	► Continue to develop athletic specific skills and perform them with consistency, accuracy, confidence, control and speed.		
Developing Skills – Lancashire Scheme	 Throwing – push, pull and sling Hop, step and jump Combination of jumping actions 	 Throwing – push, pull, sling and heave Jumping and landing in different ways Running for short and long distances Passing a baton in a relay 		
Application of skills – Lancashire Scheme (Core Task)	Take Aim The 'Take aim' core task involves children trying to score as many points as possible by throwing different pieces of equipment at targets using sling, push and pull throws.	Three Run Core Task The 'Three Run challenge' core task involves children selecting ways of running as far as possible in three different times. • 5 seconds • 30 seconds		
	Furthest Five The 'Furthest five' core task involves children using a run-up and performing the five basic jumps consecutively to reach the furthest distance possible. The children work in groups of three: a jumper, a measurer and a coach who looks at technique and officiates the jump. Pass the Baton The 'Pass the baton' core task involves children running in a relay and trying to complete as many laps of the track as possible in three minutes. The children	Three Jumps core task The 'Three jump challenge' core task involves children selecting and performing three consecutive jumps with the aim of travelling as far as possible. The children work in groups of three: one child jumps; another marks, measures and records the distance jumped; and the third observes and comments on the jumper's technique.		
	work in teams of four. Having considered each other's strengths and weaknesses, they decide how to divide the time or distance between them in order to achieve as many laps as possible in three minutes (eg each team member could run for two laps, each could run for 45 seconds, or some team members could run longer or further than others). They keep a record of the number of laps they complete and aim to beat their score the next time they perform the core task.	Three Throws Core Task The 'Three Throws' core task involves children trying to score as many points as possible by throwing different pieces of equipment for distance using three different types of throws, sling, push and pull throws. The children work in groups of three: one child throws; another marks, measures and records the distance thrown with each type of throw; and the third observes and comments on the thrower's technique.

Developing Skills – Lancashire Scheme	 Ready position Underarm throw Overarm throw Hold a racket Strike a ball with a racket 	 Ready position Underarm throw Overarm throw Hold a racket Strike a ball with a racket 	 Throwing a ball Hold a racket correctly Forehand Backhand Volley 	 Throwing a ball Forehand Backhand Volley Underhand serve
Application of skills – Lancashire Scheme (Core Task)	The aim of the game is to score points by throwing a ball into the opponent's court area and making it bounce twice. Play the game one against one. Use a low net (bench to short tennis height), on a court that is relatively long and narrow. Put a gym mat on either side of the net, about 1m away from the net, and make the court a little larger than this. Use throwing and catching skills. Move on to introduce hitting the ball with a racket after it has bounced. Knowledge – To use a simple tactic i.e. directing the ball to a space to make it difficult for their opponent.	The aim of the game is to score points by getting a small soft ball or beanbag to land in one of two targets. Play the game one against one. Use a high net on a long narrow court Encourage the children to use short, low throws to try to hit the target at the front, and long, high throws to try to hit the target at the back. Their opponent's aim is to intercept the ball or beanbag before it bounces. Later, a racket can be used to hit a ball or shuttlecock. Knowledge – To use a simple tactic i.e. choose a good place to stand when receiving the ball.	Core Task - The 'Long and thin or short and fat' core task involves children using shots to strike a ball accurately at targets, moving their opponent around the court in order to create spaces in which to attack. They devise a scoring system and evaluate and adapt it as necessary. As they gain experience, they start to play more competitively, hitting the ball away from their opponent to try to prevent them scoring Knowledge – To use tactics effectively i.e. strike the ball with purpose, varying the speed. Strike the ball into spaces they can see.	Core Task 1 The aim of the game is to score points by hitting a ball into your opponent's court and the ball bouncing twice. Play the game one against one on a long, narrow courUse a racket and a suitable ball. Core Task 2 This game is played in the same way as Task 1, but: raise the height of the net, and make the court a little narrower and longer Knowledge – To know the need for different tactics i.e. hit the ball with purpose, varying the speed, height and direction position themselves well on court
Character Education				1

	Year 3/4	Year 3/4	Year 4/5	Year 6
Target/Creative Games The aim of target games is to send an object usually a ball towards a target in an attempt to get the highest possible score by being closest. This requires accuracy and control.	This unit lays the foundation for children understanding how games work through designing their own tag and target games. Children will improve their FMS and start to understand how to design their own game.	In this unit the children will learn how to apply simple tactics in a range of target games using a range of equipment. The children will learn how to play the Paralympic sport of Boccia.	In this unit the children will learn how to apply simple tactics in a range of target games. The children will learn how to play the target game of dodgeball.	In this unit the children will apply their knowledge and understanding of invasion games from Year 5 and create their own games, which follows invasion games principles.
Progression of performance of skills	▶ Master most fundamental skills from KS1 and start to develop sport specific skills and perform them with some accuracy.	Master fundamental movement skills and start to develop sport specific skills performing them with consistency and accuracy.	➤ Continue to develop sport specific skills and perform with consistency, accuracy, confidence and control.	➤ Continue to develop sport specific skills and perform them with consistency, accuracy, confidence, control and speed.
Developing Skills – Lancashire Scheme	 Dodging Catching Underhand throw Rolling a ball Overhand throw 	 Propelling a ball Rolling a ball Underarm throw 	▶ One handed throw▶ Catching▶ Dodging	A range of sending and receiving skills.
Application of skills – Lancashire Scheme (Core Task)	Creative Tag and Target Games Target – Core Task 1 The aim of the game is to score points by getting a soft ball to hit one of three targets. Position a target near the front and another towards the back of the area. Encourage the children to use throws to try to hit the target. The thrower gets one point for every target hit. The targets get a point if they catch the ball. (look at the rules of dodgeball)	Boccia 12s is the official shortened version of boccia developed by Boccia England. Team Boccia 12s consists of two teams of three players, the red side and the blue side, playing two ends; it can also be played between pairs (2v2) and two individuals. Knowledge – to apply tactics i.e. Throw near to the jack, block the jack and knock the opponents ball out of the way or away from the jack.	Dive-Into-Dodgeball is a game played using the 3 balls that are in play. The game is non-invasive as players must remain on their side of the court at all times during a match. Dive-Into-Dodgeball uses soft balls and less players which allows for players to have more time on the ball and more space. Knowledge – to apply tactics i.e. Keeping a ball to defend with •Communicate with team mates so 2 or more children throw balls at one opponent	The 'Calling the shots' core task involves children setting up a 4 v 4, 5 v 4 or 5 v 5 invasion game based on mini-versions of invasion games. The children work in groups of eight, nine or ten. Together they select equipment to use for a 4 v 4 5 v 4 or 5 v 5 invasion game and agree rules and a method of scoring. Knowledge – to know a range of tactics without the ball, with the equipment and to know a range of defending tactics.

Aim of Outdoor and Adventurous Activities In outdoor and adventurous activities as a whole, children follow maps and trails, try to solve physical problems and challenges, and learn how to work safely in a range of situations.	Children take part in simple trust and orientation activities using maps and diagrams. Working on their own and in small groups. children will learn to use simple maps and follow simple trails.	Children will be set physical challenges and problems to solve They will take part in a range of communication activities to develop problem solving skills in some adventure games. The problem-solving tasks they tackle will require more teamwork, with clearly defined roles and responsibilities.	Children develop their orienteering and problem-solving skills in familiar and unfamiliar situations and environments. Throughout, there is an emphasis on building trust and working as a team.	Children will take part in more complex orienteering events. They will learn to read maps more accurately, and to adapt their skills to meet challenges set in new environments. They will research and undertake a journey safely, and will develop the skills and understanding to become more self-reliant. They will take on more demanding leadership roles and will learn to take the initiative more often.
Progression of performance of skills	Master most fundamental skills from KS1 and start to develop specific skills and perform them with some accuracy and extension.	► Master fundamental movement skills and start to develop specific skills performing them with consistency, accuracy and some control.	► Continue to develop specific skills and perform with consistency, accuracy, confidence and control.	► Continue to develop specific skills and perform them with consistency, accuracy, confidence, control and speed.
Developing Skills	 Orientate a map Use a control card Navigate a course safely 	Travel and balance safely when carrying out challenges Demonstrates team work skills during planning, doing and reviewing.	 . Know how to keep the map "set or "orientated" when they move around a simple course. Know the eight points of a compass. Record information accurately at the control marker. Navigate to a control marker on a score event course. 	 To set a map using a compass To practice and refine thumbing the set map (orientated) To set a direction of travel from the map, using a compass. To follow instructions in order to complete an orienteering course.
Application of Skills – (Core tasks	To orientate a map and complete the Counting Cones Challenge. To know where they are on a map at all times using a variety of different routes.	To complete a series of challenges i.e. – crossing the swamp, Millipede carry, shepherd and sheep, electric fence and hula hut challenge	Working in pairs or small groups, complete an orienteering course (netball numbers/score orienteering) using a map	Take part in different competitive orienteering activity, balancing speed and accuracy. (i.e. Sprint races, Relay race, Norwegian event)

	Swimming Beginners (non-swimmers and developing swimmers)	Swimming (Developing and competent swimmers)
Aim of Swimming In all swimming activities, children have to keep afloat and propel themselves through water. Learning to swim enables them to take part in a range of waterbased activities.	In this unit children learn to enjoy being in water and become more confident. They learn how to keep afloat, move in the water, meet challenges and breathe when swimming. At first they use swimming aids and support – in time, some children will manage without these.	In this unit children focus on swimming more fluently, improving their swimming strokes, and learning personal survival techniques.
Expectations	▶ In this unit children will learn how to swim between 10 and 20 metres unaided in shallow water, using their arms and legs to propel themselves. They will use one basic method to swim the distance, making sure that they breathe. They will start by using floats, swim over longer distances and periods of time with a more controlled leg kick. They will explore freely how to move in and under water; recognise how the water affects their temperature and identify and describe the differences between different leg and arm action,	 In this unit children will learn to swim between 50 and 100 metres and keep swimming for 45 to 90 seconds; use three different strokes, swimming on their front and back. They will control their breathing and swim confidently and fluently on the surface and under water. Children should know the dangers of water locally and nationally. Learn how and why to use appropriate survival and self-rescue skills if they fall in by accident, or get into difficulty and knowing what to do if others get into trouble.
