4 Monitoring and Review

Brindle Gregson Lane Primary School is an inclusive school, working towards greater equality in the whole school community. We use the curriculum and teaching to enhance the self- esteem of all those it serves and to provide a learning environment in which each individual is encouraged to fulfil her or his potential.

We collect and analyse a range of equality information for our pupils/students:

We make regular assessments of pupils' learning and use this

information to track pupils' progress, as they move through the school. As part of this process, we regularly monitor the performance of different groups, to ensure that all groups of pupils are making the best possible progress. We use this information to adjust future teaching and learning plans, as necessary.

Resources are available to support groups of pupils where the information suggests that progress is not as good as it should be. The governing body receives regular updates on pupil performance information.

School performance information is compared to national data and local authority data, to ensure that pupils are making appropriate progress when compared to all schools, and to schools in similar circumstances.

As well as monitoring pupil performance information, we also regularly monitor a range of other information. This relates to:

- Attendance
- Exclusions and truancy
- Racism, disabilism, sexism, homophobia and all forms of bullying
- Parental involvement
- Participation in Extended Learning Opportunities

Our monitoring activities enable us to identify any differences in pupil performance and provide specific support as required, including pastoral support. This allows us to take appropriate action to meet the needs of specific groups in order to make necessary improvements.

Brindle Gregson Lane Primary School is also committed to providing a working environment free from discrimination, bullying, harassment and victimisation. We aim to recruit an appropriately qualified workforce and establish a governing body that is representative of all sections of the community in order to respect and respond to the diverse needs of our population.

We collect and analyse a range of profile information for our staff and governors, applicants for employment, staff profile, governing body

profile, attendance, disciplinary and grievance cases, staff appraisal/performance management, exit interviews. Due regard is paid to the need for confidentiality when appropriate.

We have identified the following issues from the analysis of the data:

- Our staff and governor profile is predominantly white British and we would welcome the opportunity for greater input from other groups to reflect Britain's diverse society.

Due regard is given to the promotion of equality in the School Improvement Plan. The Governors responsible for the monitoring and evaluation of the policy and action plan is the Ethos and Curriculum Committee. The Lead Professional for the monitoring of this policy and action plan is the Headteacher.

His role is to:

- Lead discussions, organise training, update staff in staff meetings, support discussions
- Work with the governing body on matters relating to equality
- Support evaluation activities that moderate the impact and success of this policy

Note: Under the Equality Act 2010, in very limited circumstances, an employer can claim that a certain religious denomination or belief is considered to be a genuine occupational requirement of that role. An aided school may be able to rely on this for some roles in school, particularly those roles that provide spiritual leadership. However this would not apply for all staff in School.

In addition, there are also instances in which a job will qualify for a genuine occupational requirement on the grounds of gender. However, only in very few instances would this be permissible, for example, where the job is likely to involve physical contact with members of the opposite sex, where matters of decency or privacy are involved.

10 Annual Review of Progress

As a school we have been legally required to report annually on our progress and performance in respect of our policy covering ethnicity, disability and gender and to report annually on our progress to improve access for disabled pupils, including access to the curriculum, physical access and access to information. Taking this single equality approach, we will incorporate all requirements into one annual report which meets the requirements of the new legislation and which will formulate the basis for the annual action plan.

11 Equality Impact Analysis

An equality impact analysis (EIAs) is undertaken and involves predicting and assessing what the implications of a policy, function or strategy will be on a wide range of people.

EIAs are a way in which we can analyse all of our work (this could be a policy, procedure, project, strategy or service) to ensure it meets the needs of all our service users and that no group (in relation to ethnicity, disability, gender, age, religion and belief, and sexual orientation) is disadvantaged or cannot access our services

3. To try to ensure that the Governing Body reflects the ethnic profile and demography of the school.

This Policy and Action Plan will be available to all Parents and

Stakeholders for consultation until the end of March. After this time amendments may be made. The final Policy and Action Plan will be in place by the end of March 2016.
